**Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: in his "Remarks" in the amendment filed on 6/28/2005, applicant argues that claim 45 distinguishes over the prior art of record because this prior art does not show the formation of a mechanical bond between the members as called for in the claims. Claim 45 is considered to distinguish over the prior art for the reasons urged by applicant. The claim language in the last two lines of the claims "... thereby forming at least a mechanical bond between said members" is interpreted as requiring the presence of a mechanical bond whether or not any further type of bonding is present. The other claims are allowable for the reasons set forth in the previous Office action.

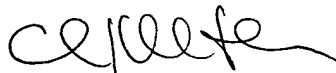

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
